**Do you need help building a new score box, laying a new patio, renovating a changing room or simply revamping a tired old pavilion, but the quotes you have sourced are way too expensive and there is nobody at the club who can help – then why not contact the Construction department at your local college and see if they can help out.**

As part of CricketForce 2009 Derby College students and staff have so far helped to build a score box, barbeque, brick benches and help paint changing rooms at Highway Cricket Club in Coventry. More recently they have helped to repair the damage caused by vandals at Loughborough Carillion Old Boys Cricket Club.

Construction Manager David Kirkby explained: "Knowing of the plight of the Loughborough Carillion Old Boys Cricket Club, the Construction Academy of Derby College were more than pleased to offer support in terms of free labour in undertaking various projects around the ground." The club is celebrating its 50th anniversary this year and David added this made the work "even more rewarding and we are

## CRICKETFORCE DVD 2009

**The 2009 CricketForce DVD is now available!**

A copy has been sent to every club that participated last year so if you are new to CricketForce and want to take a look at what it's all about then send us an email ([natwestcricketforce@ecb.co.uk](mailto:natwestcricketforce@ecb.co.uk)) and we'll post one out to you. The DVD tells you what CricketForce is and how it can help your club, using examples of clubs that have been involved in the past. If you don't want to take our word on how great this event is then watch the DVD and watch cricket club members and players just like yourself tell you!

You can also view some footage of the NatWest CricketForce 2009 weekend on the ECB website courtesy of ECBtv.
