

Initiate your NatWest CricketForce 2010 event

Armed with a digital camera arrange for two or three club members to meet at your ground soon. Take a few photographs of those around your facilities that could do with improvements.

For example:

- **External bench seating in need of a coat of paint**
- **Sight screens needing repairs or paint**
- **The same curtains been hanging for years**
- **Garage/Lock up in need of a tidy**
- **Score box falling down**
- **New kitchen needed**

These are just some of the projects that clubs previously participating in NatWest CricketForce have successfully improved! And at no, or very little financial cost to the club!

Print the photos taken and display during out of season functions, presentation evenings, AGM etc. send out a flyer with your latest communication – put them up on your club's play-cricket website.

Ask your club members if they would like to make a real difference to their club – something that they can be proud of – resulting in a real sense of achievement. Create the vision...the photographs will enable you to sow the seeds for a successful NatWest CricketForce 2010 event. They will help you get your members on board – you will also be able to show your local business supporters a tangible difference they can make.....
